

# Windows Vs Indian Open Source Os

Mr. Dipen Dalsaniya  
[dipen.ec2010@gmail.com](mailto:dipen.ec2010@gmail.com)

# India Population

Indian Population approx 130 crores according 2018.

- Assuming Approx 4 laptop/desktop every 100 People in 2020. (According to 2010 research 3 laptop/desktop every 100 People)
- 100 people 4 laptop/desktop then 130cr People How many laptop ? = 5,20,00,000 Total No Of system in India.
- 1 windows Os Licence cost approx 3000 INR.
- Windows Income :  $5,20,00,000 * 3000 = 156,00,00,00,000 = 15,600$  Crores

# Mostly Used Software In General Office work

<b>Microsoft Operating System - Paid Licence</b>	<b>Open Source Os (Ubuntu) - Free</b>
Microsoft Office -Paid	Open Office /Libreoffice- Free
Chrome Browser -Free	Chrome Browser - Free
VLC Media Player - Free	VLC Media Player - Free
Adobe PDF Reader - Free	Adobe PDF Reader - Free
Skype - Free Personal Account	Skype - Free Personal Account
Photoshop - Paid	Inkscape - Free
Antivirus - Any	Antivirus - No needed

# Conclusion

- Most Of all things available in Open source Operating system and Open Source software Then Why Need to paid Microsoft ?
- Now Mostly Office Based System and Software Migrating On Web Application Based. So On Browser Not Required Which Operating System are you Using.
- Yes Some Minor Compromise required with Microsoft Office and Openoffice/Libreoffice but Not Huge.
- No need to pay for Antivirus.

# Message To Indian Government

- I Will Suggest To Indian Government to Involve in Open Source and we make Our Open Source Operating System and Support to Open Source community to make better Open Source Software Graphical User Interface and we can also Create Our Team in India.
- We can Start Non Profitable India Os with Good User Interface Like Microsoft.
- 12400000 Unit sell in 2019.
- $12400000 \times 3000 = 3720$  Crores we can save Every Year.
- Our Indian IT Skill will Grow.

Note: Some Unknown People will say We not paid For Microsoft Licence. But they are directly doing tie-up with laptop/desktop vendor Company so that amount already added in his Price.
